

Program

Time	Session	Chair	Speaker	Title
9:30-9:35	Opening Ceremony			
9:35-10:35	Debate: What should we do? -Ischemic disease	Manabu Shirakawa Hyogo Medical Univ. Dept. of Neurosurgery	Nobutaka Horie Hiroshima Univ. Dept. of Neurosurgery	Challenging Cases in Mechanical Thrombectomy
			Yusuke Egashira Gifu Univ., Dept. of Neurosurgery	Thrombectomy for Posterior Circulation Tandem Occlusion
			Ichiro Nakagawa Nara Medical Univ. Dept. of Neurosurgery	Treatment Strategy for symptomatic CCA occlusion
10:40-11:10	Seminar 1: Coil Embolization Co-sponsored by Terumo Corp.	Masataka Nanto Kyoto Okamoto Memorial Hosp. Dept. of Neurosurgery	Masanori Kinosada Kurashiki Central Hosp. Dept. of Neurosurgery	Mastering HydroSoft3D: Coil Characteristics & Practical Tips
11:15-11:35	Seminar 2: Thrombectomy Co-sponsored by Kaneka Medix Corp.	Takashi Mizobe Hyogo Pref. Harima-Himeji General Medical Center Dept. of Neurosurgery	Daisuke Watanabe IMS Tokyo Katsushika General Hosp. Dept. of Neuroendovascular Therapy	TIGER13 for Distal Occlusion — Key Moves
11:40-12:40	Luncheon Seminar Cerebral Aneurysm Treatment Co-sponsored by Stryker Japan	Kazutaka Uchida Hyogo Medical Univ. Dept. of Neurosurgery	Taichiro Imahori North Harima Medical Center Dept. of Neurosurgery	Clinical performance and key features of Surpass Evolve in cerebral aneurysm treatment
			Katsunori Asai Osaka National Hosp. Dept. of Neurosurgery	Stent-assisted coiling using Neuroform Atlas
12:50-13:20	Special Program 1: Surgery Co-sponsored by B. Braun Aesculap	Rokuya Tanikawa Sapporo Teishinkai Hosp. Stroke Center	Kosumo Noda Soseikai General Hosp. Dept. of Neurosurgery	Do EVT and Craniotomy Compete? — Synergistic Effects in 1 Year in Kyoto
			Yasuaki Inoue Natogaya Hosp. Dept. of Neurosurgery	Revisiting Direct Surgery for Cerebrovascular Disease in the Current Era
13:25-13:45	Seminar 3: TRA Co-sponsored by Medikit Corp.	Yoji Kuramoto Hyogo Medical Univ. Dept. of Neurosurgery	Hidemichi Ito St. Marianna Univ. School of Medicine Dept. of Neurosurgery	Why Not Use the Left Hand?
13:50-14:20	Special Lecture: AIS Co-sponsored by Medtronic Japan	Shinichi Yoshimura Hyogo Medical Univ. Dept. of Neurosurgery	Mayank Goyal Univ. of Calgary Dept. of Radiology & Clinical Neurosciences	The Future of AIS Treatment
			Commentator: Kazutaka Uchida Hyogo Medical Univ. Dept. of Neurosurgery	
14:30-14:40	Special Program 2 Career Development	Nobutaka Horie Hiroshima Univ. Dept. of Neurosurgery	Mayank Goyal Univ. of Calgary Dept. of Radiology & Clinical Neurosciences	How to build a fulfilling and impactful career in medicine
14:45-15:15	Afternoon Seminar Thrombectomy Co-sponsored by Japan Lifeline	Yosuke Akamatsu Iwate Medical Univ. Dept. of Neurosurgery	Kazutaka Uchida Hyogo Medical Univ. Dept. of Neurosurgery	Now, let me present the Esperance 3 brothers — three devices, each with its own strengths

Time	Session	Chair	Speaker	Title
15:25-15:55	Poster Session Venue: 3F Learning Square			
16:05-16:25	Seminar 4: AIS Co-sponsored by J&J MedTech	Masakazu Okawa Kyoto Univ. Dept. of Neurosurgery	Tomohide Yoshie National Cerebral & Cardiovascular Center Dept. of Cerebrovascular Med.	Remaining Challenges and Solutions in Complex Thrombectomy
16:30-16:50	Seminar 5 Cerebral Aneurysm Treatment Co-sponsored by SB Kawasumi	Nobuyuki Hirotsune Hiroshima City Hosp. Dept. of Neurosurgery & Neuroendovascular Therapy	Shinichi Yoshimura Hyogo Medical Univ. Dept. of Neurosurgery	Initial Experience with Leonis Mova: When & How to Use It?
16:55-17:55	Debate: What should we do? -Hemorrhagic disease	Hideyuki Ishihara Yamaguchi Univ. Dept. of Neurosurgery	Yukiko Enomoto Gifu Univ. Dept. of Neurosurgery	Large Unruptured Aneurysm at Left A1-Accessory MCA Bifurcation: What Should We Be Careful About?
			Hideyuki Ishihara Yamaguchi Univ. Dept. of Neurosurgery	A Case of Mild Basilar Artery Occlusion
			Hiroataka Okumura Niiza Shiki Chuo General Hosp. Dept. of Neurosurgery	Aneurysm Embolization with Bail-Out Strategy: The Single-Shot Technique
17:55-18:00	Closing Ceremony			

Venue

Hyogo Medical Univ., Nishinomiya Campus, Education & Research
Bldg., 2F, Room 202

Access

5-min walk from Mukogawa Sta. (Hanshin Railway), West Exit
5-min by taxi from Koshien Sta. (Hanshin Railway)

Registration Fee

Physician: 3,000 JPY
Co-medical Staff: Free
